Memories

We Will Remember the Faces of Our High School Friends

Our memories from high school include a cast of many faces. The faces of our classmates and teachers in the many experiences we will treasure throughout our lives. Smiles, grimaces, laughter, and tears reflect the moods and feelings experienced as we try, grow and accomplish our goals.

In our cast we know all the faces of the characters but not necessarily the people behind the faces. Though we don't know all of these people intimately they will be missed.

Activities

We Remember the Activities Outside of the Classroom

The memories we keep of high school are pictures capturing student life. Student life is the reels of time spent in many actions.

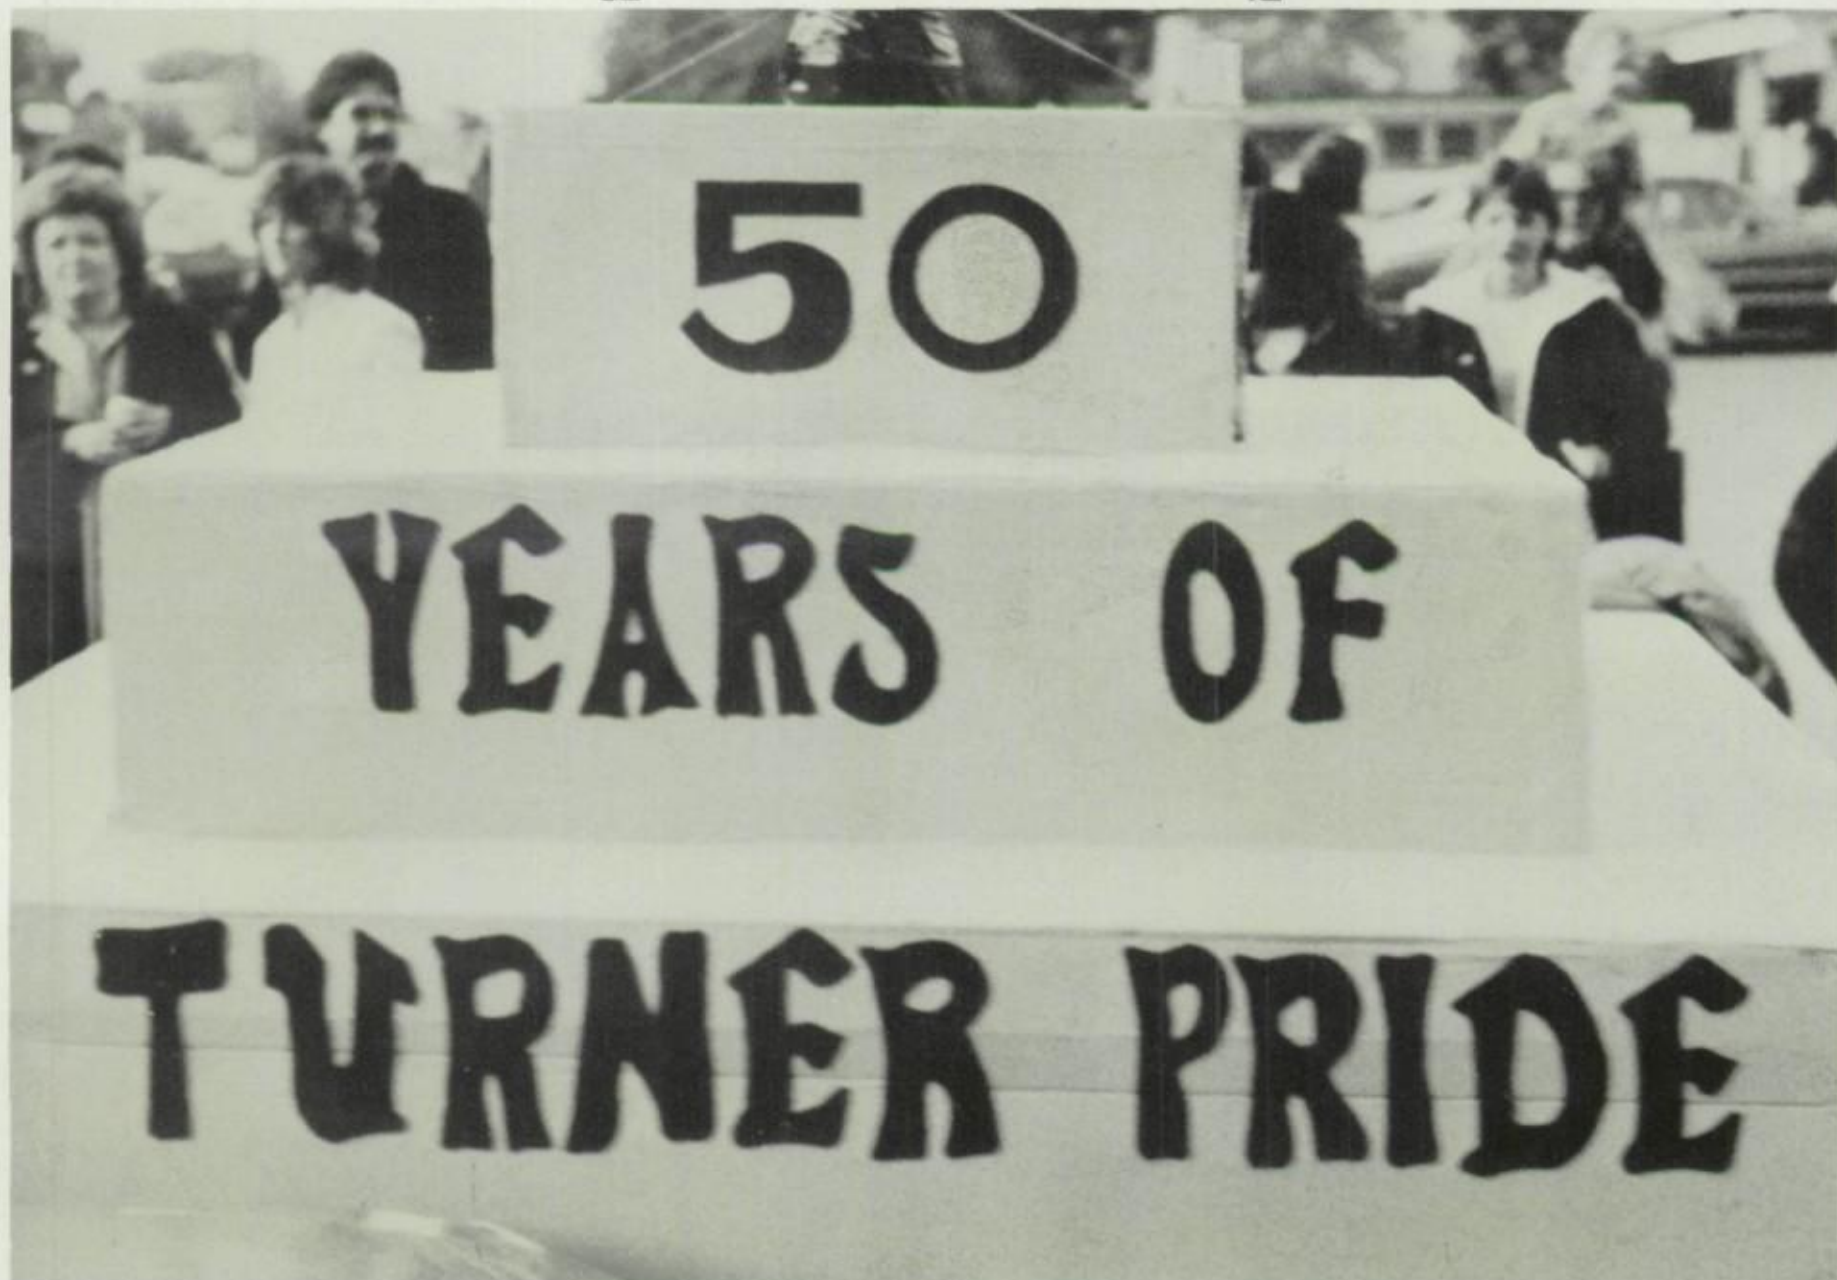

These actions are the ways we spend our time at the games, going out, chatting in the halls, doing homework, attending pep assemblies, and going to dances. Students also attend concerts, and just hang out at Quick Trip. The Juniors get to drive to school and choose their class rings. The Seniors are finally preparing for graduation, while the Sophomore class members are just enjoying the chance to meet new people.

Winning

Athletes Show a Winning Attitude

Togetherness played a big role in probably the best season in sports in a decade for the mighty Bears. Mental and physical work were prime priorities in bringing about a hopeful new dynasty in athletics here at Turner. "A winning season is something these kids haven't been around until this year. It's really exciting," said head football coach Paul Brown. Senior three-sport letterman Doug Hite said, "the attitudes of everyone are more confident this year. We got good support from our fans which helped us a lot, also." The crowds were a factor. Starting in football, the stands were overflowing with people. The enthusiasm was contagious all over Turner, as it earned good press, which has not been common in earlier years at the high school.

Many things will stand out in people's minds from the 1983-'84 year and athletics will be a one of them.

Growth

Membership Grows as Students Become More Involved

Clubs have seen fantastic growth! While a few clubs have died out, the existing clubs have grown tremendously. Some clubs have even doubled their attendance. One half of all students belong to a least one of 12 clubs. Some students belong to more than one club. There are those students who belong to as many as three or more clubs at the same time. You can usually spot the ones in three or more clubs, because they are the students who are always in a hurry during activity period. Club activities include: participating in the homecoming parade, the talent show, raising money for charitable organizations, caroling during Christmas time to elderly shut-ins, car washes, having picnics, going to movies, participating in contests, cheering for sports at games, dances, and having guest speakers at a club meeting.

1. French club members, Deanna Dresel, Darrell Hill, and Larry Pearson, studying today's lesson.
2. Kayettes Club Members — Lisa Berry, Tammi Braland, Kelly Follin, Heather Gray, Kelly Orrick, Julie Sharp, and sponsor Mrs. McDonald.
3. Band Members — Mee Sun Boice, Merry Carson, Carolyn Hurlbret, Jackie Kelly, and Kevin Slaven, cheering at a football game.
4. Barbie Hopkins and Diana Fergus cheering at a Pep Assembly.
5. Mr. Heath modeling a hat for the Spanish Club.
6. Cory McGee and Linda Reid discussing new ideas for TAOTA.

Sophomores

The youngest class faces traumas

... **A**nd then there were Sophomores. They were the youngest of creations, and they were given many trials and tribulations: The first day of school in an unknown building, the Juniors and Seniors, seemingly a violent and unfriendly race, Jr. Highs always before considered enemies, and worst of all: THE RAIL (gasp).

But all could see that the creation was good because they endured all of these horrors. In days the building became familiar, as buildings do, Junior and Seniors didn't really try to mutilate Sophomores, and Jr. High enemies became fast friends, and eventually, even THE RAIL became a place to sit during lunch. The Sophomores, as they always do, survived.

Juniors

The junior year brings privileges

“One of the major advantages of being a Junior is not being a Sophomore,” says Junior Tammi Braland.

But being a Junior has other advantages too. The privilege of driving to school, ordering class rings and taking part in the Prom. Juniors also have an easier time the first few days of school. Having been there the year before means knowing all the shortcuts, the room numbers and many of the teachers.

Being a Junior also means that the next step is being a Senior — and then graduating. Something that is a mere dream to Sophomores, is close to a reality for Juniors.

1. Leslie Cadwallader studying in the lunch room.
2. Juniors are given the privilege of driving to school for the first time.
3. Rae Lyn Hoover takes time out to read a good book.

Seniors

Seniors must maintain their image.

There are many senior traditions and probably the greatest one is celebrating the 18th birthday by going dancing and partying at Equinox, Whispers, and Pogos. Inside school seniors sit in the lobby and talk about Friday nights, while others are on patrol for stray sophomores. All seniors order their announcements and caps and gowns. Before ordering them you must be fitted and Mr. Bowman is the school Measuring Man.

1. Mr. Bowman measuring Kelly Hammons for cap size.
2. Mr. Bowman measuring Julie Sharp to see what size gown she needs.
3. Seniors ordering announcements in the auditorium.
4. Sophomores are definitely a "no no" in the senior lobby as Phil Winegar and Kerry Stone demonstrate what may happen to lost sophomore Eric Williams.

Sharon DeGraeve is involved in OEA. She attends the first 4 hours at THS, then from 1 to 4 she works at Pierson Junior High. Her Sophomore year she was in Pep club and Taota. She likes this year especially since she gets out early, and she feels her friendships are a lot better since it is her Senior year. In her spare time she goes to shows, shops, works on homework, and enjoys watching her niece. After she graduates she plans to be married, attend college to become a secretary, and have a part-time job. The best thing about her senior year would be the happiness of the seniors and the improvement of school spirit because of the good start in football.

Doug Hite is one of the captains of Turner's football team. He plays Quarterback. He is also on the basketball and baseball teams. The reason he goes out for sports is the enjoyment and competition. During the summer he plays baseball for the K.C. Rebels. Doug and Kelly Hammons were the only ones picked from Turner. He feels the Seniors are more serious about sports than they have been in previous years. Also every one is becoming a lot closer since it is the last year we will be one group. In his spare time he catches up on his sleep, and spends time with his family. After high school he plans to attend college, hopefully on an athletic scholarship. He wants to stay in the state so he will be able to come home on the weekends.

Kim's job consists of watching the children, washing the dishes, and vacuuming the floors. During Kim's high school years, she has been active in Pep Club, both as a cheerleader in her sophomore and junior years and a member her senior year. Kim has been on the yearbook staff and has taken many business courses. Kim plans to attend a community college. Kim feels that she might pursue a career in education.

Linda Reid is a senior. Linda is involved in TAOTA and is the president of the Thespians society. She worked at the Renaissance Festival during October of 1983. Linda works at the Royal Dairy in Argentine. She says the best thing about being a senior is the fact that she has gone to school for 12 years and this is her last. She likes to read, go to movies and attend theater productions in her spare time. After high school, Linda plans to attend UMKC to study mass media.

Ken Hale does a lot of studying this year at school. To some of us that may not seem unusual, but to Ken it's a big change. Ken says, "I'm beginning to learn that you have to take school seriously to succeed." Ken is also at school more than 50% of the time. Ken calls himself an "ecology freak." In his spare time he likes to birdwatch, camp, hike, swim, and bicycle. He says, "I love to be outdoors where there aren't any demands to be met."

After high school Ken plans to travel before he goes to college. Ken would like to see the world, although he realizes traveling doesn't pay money. He might join the peace corps and do missionary work before entering college. Ken holds a part time job at the Jones Store Co., Metcalf South. He says this about his job, "I really like being around a lot of different people. It gives me a chance to be myself."

Steve was 2nd team ALL-EKL in football his junior year, but was injured in his first game of the season his senior year. He lifts weights to keep in shape in his spare time. Steve is also an outstanding student. He thinks the teachers are good at Turner, and he also likes the senior class. "A lot of us have hung around together for a long time, and now this will be our last year together." Steve plans on attending a 4-year college with his major being in natural sciences.

Kenny Thexton started riding motorcycles about six years ago. He began racing in the spring of 1982. He races Yamaha 125's. Kenny has had an excellent season. He took seventh place at a five state regional in Ponca, Oklahoma. Kenny took first at the Ozark Empire Motorcross Championship. At the Missouri State Championships, he took second in his class. Kenny plans on riding in two classes at the Lake Whittney Grand Nationals for Amateurs in Texas. He is uncertain about pursuing a career in motorcross racing after graduation. He has been thinking about attending a vocational school to specialize in auto mechanics.

Michelle Orr is the perfect example of an active Turnerite. As a junior, Michelle has participated two years in drill team. She is also involved in Kayettes, Vice Squad, softball, Student Council and Pep Club. Michelle thinks school itself is O.K., and her favorite teacher is Mr. Giacalone. If Michelle has any spare time between her activities, she likes to shop, chase boys, and party. In the summer time Michelle umpires softball. You can usually see Michelle racing from place to place in her black convertible V.W. After high school, Michelle plans to attend K.U. Her major will be business administration.

Bobby Hayes is a member of the Turner baseball team. He plays left field. His part time job is busing tables at Lake Quivira club house. Bobby has the opportunity to meet different people. Bobby also sees teachers that live at the lake. Although he likes his job, he finds he has no spare time. He works 36 hours a week. He is saving the money he makes to buy a car. On the weekends, if Bobby finds time, he goes out with his friends. In the future, Bobby plans to attend college.

is no such thing as education.

Shelly Miles, a junior, is known for her athletic ability. She participates in cross country, basketball, track and softball. In two of these four sports, cross country and softball, she went to state.

Shelly enjoys going to Lake Lotawana. She likes to swim and play pool.

Shelly goes against the usual social norm by listening to country music.

She enjoys school because it gives her an opportunity to be with her friends. After high school, Shelly plans on going to college, even though she doesn't know where, or what her major will be.

Cory McGhee, a junior, is a familiar face around Turner. He is on the Booster Staff, in Student Council, and Taota. Cory also holds a part time job, he works at Fasones.

In his spare time, Cory spends a lot of time listening to music. He likes the Doors, and 60's music. Contrary to popular belief, Cory says, "I'm not a punk rocker, I am a Mod."

Cory's favorite hang out is Oak Park Mall. His favorite store is Macy's, and his favorite cologne is Lagerfield.

After high school, Cory plans to attend KU. He would like to go into Radio Broadcasting to become a disc jockey.

Education makes a people...

Anita Hinch has been playing volleyball since 7th grade. She also plays softball, but says volleyball is her favorite because "It takes everybody to make the team work. It takes one good play to make another." She is also a member of the Goldenette Drill Team. Her other hobbies include shopping, swimming and spending time with special friends. She plans on attending college although she has not decided what she will major in.

Mike Miedell spends his summers in "the Great White north," working at a fishing resort with his parents. Mike's hobbies are fishing, hunting, making model cars and he also enjoys chewing Skoal.

Mike is a junior and intends to go to college, he wishes to be a writer for a fishing facts magazine.

Becky Stein has a unique job. Becky assists zoo keepers at the Kansas City Swope Park Zoo. She works in the Big Cat exhibit and with the hoofed stock. Becky began this job in October of 1982. The job entails the complete maintenance of the animals which is exactly what the zoo keepers do. Work includes the feeding, cleaning up, and observing the animals.

This job and Becky's strong love of cats which she has had since very early in her life has influenced Becky to study veterinary medicine. She would like to attend Stanford University or Kansas State University.

Richard Dixon works at McDanel Drug Store. He makes deliveries to elderly people who can't get out.

Richard spends a lot of his time working on his car, a 1970 Chevelle SuperSport. Even though he spends much time on his car, he also likes to go fishing, hunting, canoeing, and hiking.

Education means . . .

Danny Morris shows a Gordon Setter, the least known of the three setter breeds. Danny's is named "Lad's Sundance Set on Fire."

In shows, dogs are judged on conformation, or how well they stack up to their standard as compared to competition.

Dogs are rewarded for wins with ribbons and prizes. Championship points are also awarded to non-champion dogs. It takes fifteen points to obtain champion status. Everyone dreams of having a "Best In Show" dog.

Warren Kennedy likes to run. He is in Cross Country and runs from six to ten miles a practice. At a meet, he runs two miles. Warren also runs track. His best race is the 440 yard run. He has won two silver medals.

Besides running, he is a member of Honor Society and its Quiz Bowl Team.

what you've...

Mickey O'Brien is involved in Rodeo Competition, a very important part of her life. She owns a gelding horse from Arkansas named Arkie. Mickey and Arkie race in barrels, pole bending, and break away roping.

Mickey also rides broncos. She has been kicked several times. When asked if she felt scared to go out and ride again, she replied, "No, once you fall you just have to get back up."

She has won many first place ribbons, belt buckles, and saddles. Her interest in horses began at four years of age when she entered her first horse show. She became familiar with the rodeo at age nine.

Her love for the sport was inspired by her father, Kyle O'Brien, who bought her first horse and a wild pony to practice bucking.

Mickey plans to go to a college that has a rodeo team and major in something that has to do with animals and agriculture.

Susan Ayers played three parts in the Wizard of Oz. Susan hasn't been in many plays, but plans to be in more. She is also a writer on the Booster staff.

During her free time, she likes tennis, swimming, concerts, and going out with friends. Susan plans on attending KU or K-State and major in Journalism or Psychology.

The development of the memory

Becky Sparks is involved in cross country, basketball, softball, and track. She is also the Junior class President, a member of the Health Careers Club, and a Student Council Representative. Becky has been working at Hecky's Drive In for 3 years. She is a cook and a car hop. Her hobbies are boys and running. Beckey plans to go to Baker University and major in Politics. She says, "This year beats last year."

Brian Powell can be noticed from behind because of a unique blond rat tail. He likes to play football because it is fun and also challenging. He plays right tackle. One reason that he likes school is because he is around his friends. In his spare time he listens to the radio, goes to concerts, and cruises with his friends. A goal before Graduation, for Brian, is to have a winning football season. After high school he plans to attend a college or technical school to major in electronics.

You may recognize Rodney Boettcher from the school plays. One of his roles included the Wizard, of the Wizard of Oz. Besides participating theatrically, he participated athletically. He is a member of the cross country team and the baseball team. In addition to being very active in school, Rodney has two jobs. He is an auto-mechanics assistant and an umpire. If there is any spare time left over from his busy schedule, Rodney likes to "play softball, video games, party and chase women." After high school Rodney plans to enter the Air Force Academy.

Mee Sun Boice played Dorothy, the lead part in the fall musical, "The Wizard of Oz." She also plays the flute in marching and concert band. Her sophomore year she played the piano for the jazz band. She is also a member of the Kayettes. Mee Sun takes all advanced classes while maintaining three jobs. When she is not working she likes to go to the KC Fitness Center. She likes jogging, exercising, reading, singing, and playing the piano. After high school she plans to attend an out-of-state university to become a Registered Nurse.

Kelly Follin is a sophomore board member for Kayettes. She is also involved in Taota. She likes school this year because it gives her chance to get to know her friends better. The best thing about being a Sophomore to her is getting to know upperclassmen, and becoming friends with the students from Highland. In her spare time, she is a candy striper at Providence St. Margaret Hospital. She also enjoys writing. She was a munchkin in the Wizard of Oz. After high school she plans to attend Hawaii State to become a unit secretary or an art teacher.

Mark Churchill participates in football and track. He is the Sophomore class president and is very involved in his school work which he says is his hobby. Mark hopes to extend his running ability further in college. He hopes to be chosen by one of the big 8 schools for a scholarship.

Last year Mark had a successful track season. He placed 5th in the 100 yard dash and set a new personal record for himself with a time of 10.1. He hopes this year will be even better.

Scott Hammons is a sophomore. He participates in football, basketball and baseball. He is a Stuco member. In his spare time, he lifts weights and plays sports to keep in shape. Scott likes how the people here at Turner have pride in the school. He plans to attend a nearby college after high school.

Jerry Webb says his first year at Turner is "ok." The school seems larger than he expected it would be. The classes are harder than in other years. Jerry likes swimming and soccer. He wishes Turner would have a soccer team because he enjoys participating in sports. He would like to play soccer when he goes to college. Jerry helped manage the football team. He would like to someday teach physical education.

John Blumer has an interest in science which goes beyond the classroom. John conducts experiments on his own and participates in science fairs around Kansas City. He has received ribbons and honorable mentions for his work. He also has a talent for building model airplanes and ships. Between the models you can find a computer in John's room. He bought this computer with his own money. He earned the money by working at McDonalds on Kansas Avenue. John also enjoys working on cars, especially his sister Mary's Nova.

Chol Kim is a sophomore and is involved in many sports which include football, basketball, and baseball. When asked what his favorite sport was Chol replied, "As of this year I would have to say football. I like the excitement and the contact of the sport." He likes to spend his free time reading, and listening to classical music.

Chol also has a very interesting background. He is from Inchon, Korea. He arrived in the states in 1977, moved to Missouri, then to Kansas City. He speaks Korean fluently, and knows some Spanish.

Chol was a member of National Junior Honor Society at Highland and is involved in Summit. His FAVORITE subject is Math.

Administration

Principals Are Dedicated to Excellence

It is the quality of our living together that is enhanced by the best possible development of each individual. It is the quality of the experience that people have in school that helps them to develop personal meanings and adjustments, and preferences for the true and the just, the good and the beautiful. Thus it is the improvement of the human condition that has been the special concern of the staff of Turner High School as we have endeavored to fulfill the above stated objectives.

Mr. Richard E. Fuller,
Principal

We will continue our commitment to create for you a warm, hospitable place of learning with the kinds of human relationships which give each of you a feeling of belonging, a feeling of being a genuine part of what school and real education are supposed to be all about.

Be aware of what is available to you: support your school and take advantage of what it offers; cement relationships with teachers and classmates which matter; above all, do not allow your high school years to pass you by, for they are really "golden" years and should form the fabric of many grand memories. If these years do slip by in humdrum ways, you have lost irreplaceable moments; you have lost that magical sense of being part of something words cannot really describe; you have lost, beyond recall, part of what it means to be young.

Mr. William Floerke,
Assistant Principal

It is a continual delight to observe the resourcefulness of the staff and students at Turner High School as evidenced in the classroom presentations, athletic events, and co-curricular activities.

The trait of resourcefulness in one that can aid an individual regardless of the endeavor — it is certainly a trait of those with the "right stuff." It is also a trait of those who believe that excellence is not only something to strive for, but to achieve.

Mr. Ted Berard,
Assistant Principal

Students Find New Names on Their Schedules

On the first day of school when students walk into the building, they walk around the halls looking for their friends. A common question you hear when they do encounter their friends is: "Who do you have for English, math, social studies?" While students examined their schedules they discovered some new teachers names. Seven new people to joined the faculty. They are: Mrs. Anderson, Mr. Benson, Mr. Cottrell, Mrs. Gillett, Mr. Lynch, Mr. Meyers, and Ms. Simpson. Three of the seven new people are coaches for various sports.

1. Mr. Lynch running the press.
2. Ms. Simpson observing a student's work.
3. Mrs. Gillett writing a student pass.
4. Mr. Cottrell looking over students papers.
5. Mr. Meyers doing hall duty.
6. Mr. Benson recording student's progress.
7. Ms. Anderson reflecting on tomorrows assignments.

Custodians are rarely noticed when they are here doing their work. If they were not here their absence would cause inconvenience for all. There are custodians in the building around the clock. They are split into three shifts. They are responsible for cleaning classrooms, restrooms, halls and hundreds of jobs that make the building functional and attractive.

Computers

Students and Teachers All Victim to Computer Fever

Computer technology reaches Turner. At the present time our school has 18 radio shack TRS-i0, computers, and 5 apples.

The 18 TRS-80's are used for the math department. There is one Apple in the library for student and teacher use. Two more Apples are in the L.D. room. The last Apple is in District Education.

A computer fair toured the district at the beginning of the year. Marcia Haskins, the district Computer coordinator, taught and helped individuals to learn.

When asked waht he forsees for the future of computers in our school, Mr. Bernard said, "We are going to broaden the curricular scope of our computer usage. Other departments besides the mathematic will have the opportunity to use them (computers)."

MUSICAL

We are off to see the Wizard.

The fall musical, "The Wizard of Oz," was directed by Ms. Pamela Slawson. The play was about a girl from a farm in Kansas named Dorothy. During a tornado Dorothy falls and bumps her head which sends her into the land of Oz. There she meets some munchkins who tell her that in order to return home she would have to follow the yellow brick road to find the Wizard of Oz. So Dorothy sets out on the yellow brick road and presently is joined by a Scarecrow, a Tin Woodman, a Cowardly Lion, and is chased by the Wicked Witch of the West. Dorothy finally makes it to the Wizard's palace and gets into an atomic rocketship and goes back to Kansas. When she reaches Kansas, she wakes up and finds that the whole story was just a dream. When asked if she had any comments, O'Renee Carter replied, "You had to be really dedicated to get through all the long practices after school."

Dorothy was played by MeeSun Boice, the Scarecrow was played by O'Renee Carter, the Tin Woodman was played by John Kelley, the Cowardly Lion was played by Steve Huffman, the Wizard of Oz was played by Rodney Boettcher, and the Wicked Witch of the West was played by Kathy Willmon.

ANYTHING GOES

Students wore a variety of fashions.

"Anything goes" was the rule for fashion at Turner for the 1983-84 year. Students wore a variety of styles. Styles for girls ranged from preppy, punk, the "Flashdance" look, vintage and designer clothing.

Boys took a definite interest in the latest trends in fashion. The male students of Turner wore preppy, punk, designer and dress clothes. Ties were an essential item for wardrobes. It was very common to find boys dressed in dress shirts and slacks with a neck tie.

Boots made a prominent debut in many styles. These styles ranged from crumpled, Peter Pan, cowboy, and hiking boots.

Nevertheless, many students chose to wear concert T-shirts and Levi's.

A popular trend in hair style was the rat's tail. Both boys and girls wore their hair in this style. Glazing the hair was a new style this year.

Dwayne Summers wears the classic look, a sweater, oxford, and tie combination.

Carlos Serra wears a double-breasted suit.

Cory McGhee models the preppy look. He is wearing a button-down oxford, tie, dress pants, and top-siders.

Sabrina Taylor and Sheila Harp model concert T-shirts and Levi's.

Vintage Clothing. Heather Gray wears a 60's sweater set and wool straight skirt. Mary Stump wears a Pendleton suit and angora sweater and her hair is glazed.

Brother and sister, Phil and Kris Thurston, model punk attire.

Elna Johnson and Amy Koperski wear baggy sweatshirts and cropped straight leg jeans.

Kris Thurston models her rat's tail.

MONEY

Students earn money in a variety of ways.

Danny Chappell works maintenance at Van's Chevrolet in Shawnee.

Darren Blackmore works for Earp Meat Company.

Theresa Smithey works at the catalog desk at JCPenney Outlet store.

Bren Neuenfeldt works in circulation of the Kansas City Star Times.

Mark Lee works at Tower Lanes.

Vicki Westfall is employed at Coat Outlet.

Melissa Gsoell is a waitress at IHOP.

Sally Lugo is a cashier at Carousel Popcorn Shop.

Kelly VanBebber works at Wards Credit Office.

Heather Gray is employed at JCPenneys.

SCHOOL NEWS

The Turner High School football team celebrated its 50th anniversary this year, making the 1933-34 school year the debut.

One of the highlights this year was bestowed upon our football team. Not only were they featured on the game of the week, they also finished the season with the best record in years.

Along with the unpredictable-sometimes wonderful, sometimes disastrous weather, came the event of a "counterfeit" snow day. The unauthorized call in resulted in a day off and a laugh for Turner students.

The Christmas of 1983 marked the 75th anniversary of the lighting of the Mayor's Christmas tree. The tradition was preceded the beginning of the holiday season in Kansas City, since 1908.

The closing of Turners smoking patio stirred up controversy after controversy, and was an issued throughout the Turner district.

Due to the smoking patio being closed, security was tightened and thus in the introduction of hall monitors! Seen outside classrooms and in the halls. The hall monitors have come to be a part of Turner as much as the faculty itself.

The ordering of rings, starting with the arrival of the Jostens man, up to the point of getting the ring is an event that carries an air of mystique. The time of waiting between ordering the ring and receiving it is a time of anticipation and anguish with no relief till the ring arrives.

The 1983-84 school year began with the arrival of a network of sixteen Radio Shack TRS-80's and Apple Computers for the Learning Disability Center and the Library.

Beverly Peden and Phil Winegar both received first place in the local Masonic Lodge Essay contest. the contest is an annual event and this year its theme was extra-curricular activities.

Turners National Honor Society sponsored a college quiz bowl team which participated in two invitational quizzes and ranked fifth out of twenty-five schools in the state of Kansas.

STUDENT LIFE

Student life is all the things we do together

Student life is a movie that never stops. A curtain can never be drawn on the memories of our lives together as students. We performed and attended the musical. We had our favorite movies, songs, restaurants, T.V. shows, and hang-outs. We'll remember the jobs and places of work. The world news shaped our memories along with the school news. We will remember the times we spent outside of school. We share this movie of memories.

Change

*Change in defense
brings wins*

The Turner Varsity Volleyball team had an up-down season. A new offense was introduced early in the season but later the team changed to a simpler offense that allowed the team to be more aggressive. With this simple new approach the team began to win.

"We took a number of teams through the third game and fought hard to the end. We didn't always come out the winners, but the challenge taught us not to give up," said three year coach Dena Dellasega.

J-V Team

Teamwork brings 500 season.

The Turner High School Golden Bear Junior Varsity Volleyball team had a 500 season. This was a new experience for the girls playing on a high school team and for their coach Nancy Mickiewicz, who was coaching for the first time. The girls came with some good skills, but they tended to lack one really big skill and that was working together as a team rather than a team of individuals. There were a lot of ups and downs during the season, but for the most part it was a lot of fun and quite a learning experience.

Football

50 Years of Football

The football program at Turner High School has now existed for 50 years, beginning in 1933. That 1933 team wore purple and gold, then the school colors. They played in the Kaw Valley League until about 1939, when they changed to the East Kansas League, where they have held a handful of league championships.

A lot has changed since that first year. For instance, for helmets they wore leather hats. Most of the equipment has changed, in some way or another. The East Kansas League has also changed. The league formerly consisted of Turner, Bonner Springs, Paola, and Washington Rural. The league now consists of Turner, Bonner Springs, Ottawa, Blue Valley, Bishop Miege, Olathe South, and Olathe North.

Varsity

Varsity season begins with 2 wins and high hopes

The Turner Varsity football program could only manage 2 victories in the 9 game season, yet they feel they still accomplished some goals. The Bears, under the leadership of coach Paul Brown, experienced early success, but slumped to lose their last 7 games.

The Varsity Bears jumped off to a blazing start, winning their first two games over Blue Valley and Harmon. They were both narrow victories but things seemed to be looking up for the Bears.

The downfall started with a 35-0 romping of Turner by returning league champs, Miego Stags. Then they fell to Aquinas, 19-7, and Ottawa, 35-3, before suffering a humiliating homecoming defeat to Olathe North, 42-0. The Bears got their defense back the next week against Bonner, holding the Braves offense to just 14 points, but could not muster any of their own, losing their 5th straight game 14-0. Turner's offense exploded the next week against Olathe South, scoring 31 points, but the defense let down, giving up 50 points, including two kickoffs run back for touchdowns. The Bears went on to lose their 7th straight, and final season game to Washburn Rural by a score of 27-6. Though the Bears lost the majority of their games they were positive about the season. Senior quarterback, Doug Hite, stated, "We all worked hard, but just couldn't put the ingredients together to get more wins. Everyone made positive contributions and hopefully next year's team will work that much harder."

See-Saw

J-V seesaws win-loss record

The JV squad finished their season at an even 4-4. It was a seesaw season for the junior varsity, who won every other game. They started off their season with a loss to Blue Valley but bounced back and came up victorious against Harmon. The junior varsity did a lot of bouncing back, for they lost their next game to Miedege, and once again rose to the occasion against Aquinas. The rest of the season went that way, as they ended up winning 50 percent of their games. Both juniors and sophomores made up the JV squad. Mr. James Tate coached the junior varsity.

The sophomore football team, coached by Mr. Jim Kendall, could manage only 1 victory in their six game season. That win came against Harmon, after suffering a loss the preceding week to Blue Valley. The worst defeat they suffered came against a strong Olathe South team, who routed the Bears, 56-0. The sophomores had 24 players on their squad, several playing on the varsity level, as they finished at 1-5.

Parade

Homecoming is a time for tradition.

This year Turner High School celebrated their 50th anniversary with the homecoming parade. It started at 6:00 P.M. on October 14th. The parade began at T.H.S., progressed down 55th St. turned right at Swartz then on to the football field, where the floats were judged. They ranged from a dead eagle to a stuffed bear. The junior float was honored with second place. While the bus driver's float swept away with first place.

The Booster club was very supportive and entered their own float which caught the eye of everyone attending the parade.

Although the Bears did not win the football game it did not stifle homecoming traditions.

The homecoming bonfire was held Thursday, Oct. 13th. The auto mechanics class donated the Eagle Mobile, to give students a chance to reveal their feelings about the Olathe Eagles. The tickets were 50¢ a piece to get three hits. The activity had to be stopped for a while because an over-aggressive Turner student broke the sledge hammer. When another one was found, it started again. At the end of the bonfire the Eagle mobile was turned over by some of the upperclassmen.

This year's bonfire had another new attraction, the serving of Eagle burgers and Eagle blood, cokes. The food was prepared by some of the staff members.

X Country

Cross country runners practice, but can't compete.

The Cross country team consisted of four junior boys and three junior girls. Since there were not seniors there will be no loss to the team next year. The runners hope that more people will go out for cross country next year to enable them to compete not only as individuals but as a team.

In order to compete as a team there must be five members. The standard applies to both boys and girls.

BASKETBALL

More girls needed for team.

The girls basketball team started out the year with a new coach, Mr. Benson. Although 10 to 15 girls showed up for two weeks of pre-season workouts very few of them hung on to become a part of the team. Most of the girls who became a part of the team were out for other sports during the pre-season workouts. For season play there were 14 girls on two teams to make up the J.V. and Varsity. When asked how he felt about his first season coaching a new team, Mr. Benson replied, "The 1983-84 girls basketball season has been a very enjoyable experience for me. Without any first-hand knowledge of past years to compare, I still feel that the girls have begun to take new strides toward improving their program at Turner. I'm very proud of this season and the hard work that the team members have contributed toward gaining respect from the community and opposing schools. I look forward to next year with a positive anticipation of reaching higher goals and becoming a further established team in the area. My biggest wish is that more girls could find basketball to be a rewarding extracurricular outlet. Larger squad turnouts can only help in Turner's future success." After the girls had gone through a few days of gruelling practices, they decided that their motto would be, "No Pain, No Gain."

BASKETBALL

Frustration nags at the basketball team.

When asked to sum up the season in one word, varsity boys basketball player Tim Carter replied, "frustration!" The Varsity Bears, led by first year Coach Cottrell, lost their opening ten games before winning their first game, a game against Silver Lake in the annual Topeka Tournament. The rest of the season the Bears seemed to have second life but were still far from a winning season.

Injuries and ineligibility proved fatal for the first half of the season for Turner. Senior Tim Carter was out with a broken ankle until the first Blue Valley game, and junior Walter Lewis was out for a while with torn ligaments. Juniors Bobby Gerber and Kelly Belt sat out the first part of the year because of ineligibility. They were both transfer students, Gerber from Miege, and Belt from Aquinas.

"We had the talent and the desire, but we just couldn't put the things together that it took for a winning season. That was what made it so frustrating, was that we knew we could win," said Doug Hite, of the basketball season. The Bears played a lot of close ball games, some of them down to the wire, but could not achieve victory.

J.V. BASKETBALL

JV loses games and coach.

The junior varsity boys lost nearly every game this year. But that isn't all they lost. JV coach Mr. Koerth stepped out midway through the season, leaving both the varsity and junior varsity coaching jobs to Mr. Kermit Cottrell.

The JV team, like the varsity, lost some tight ball games. The junior varsity team consists of juniors and sophomores, who had to split their time between teams. Some juniors could only play one quarter or two to keep them eligible for the varsity games. The sophomores played an earlier game but would often not finish until halftime of the JV game. This caused problems, in that many times the JV team had just five players to start the game, and might end up with only three. Junior Kelly Belt stated of the season, "There was a lot of ability and talent on the team, but some of us could only play a couple of quarters to be eligible for the varsity game. I think if we all could have stayed together all year, we would have won a lot of games."

The sophomore basketball team, coached by Mr. Steve Myer, did not win a lot of games this year, but that didn't keep them from having fun. "We are all pretty close, we played together on the football team, and we're all friends. We had a good coach, and even though we didn't win very many games, we had a lot of fun," Scott Hammons, sophomore basketball player, said.

Coach Myer feels that they have a lot of potential on the team. "Most of them come from different schools and aren't used to playing together. For a sophomore team, they played well. I enjoyed coaching them. They have a lot of potential and I expect them to do well in the future." Some sophomores not only played in sophomore games, but played in the junior varsity games as well. A few of them even played a little varsity.

WRESTLING

Team needs more wrestlers.

If you could sum up the Turner Wrestling season in one word it would be "depth." "The lack of people for weight classes cost us at least six matches," Coach Carmody said. "When Turner was open at four weight classes and giving up 24 points before they even started. In addition to the open weight classes the wrestlers were a very young team with only three seniors on the squad. Those three seniors Jeff Thoele, Phil Winegar, and Dennis Sprague, were athletes on which the team could build a foundation for future teams. "These three seniors have demonstrated leadership and kept things together in difficult times," Carmody said.

There were bright spots as Mike Santoyo placed second at Schlage and Dennis Sprague placed third. A week later both Thoele and Winegar made it to the finals before settling for second place medals. Dennis Sprague brought home his second third place medal in as many weeks. "We finished strong at the Junior varsity level, and that is a definite springboard for next season," Asst. Coach Giacalone said. "With the talent and desire of the individuals we have we are improving. If we can get more people with that same talent and desire we could be a legitimate contender to be an above five hundred squad," Carmody said.

Wrestling is one of the oldest sports. It is a sport of hand-to-hand combat between two unarmed opponets, where each opponent tries to force the other opponent to the ground on his back to pin his shoulders to the mat for three counts. The sport is perhaps one of the most challenging. The wrestler must have a lot of endurance and stamina to hold out through the three two minute periods. In this sport you are on your own. All you have is your ability strength and techniques which you have learned. There is no one to blame a mistake on except yourself.

FITNESS

Students and Faculty participate in keeping fit.

For many, the physical fitness boom has become a way of life.

Turner is no exception. In the weight room, dancing on the gym floor or just walking around the track, the people throughout the community are right in stride with the rest of the nation.

This so called boom has such a staying power that it is already entering its second generation. Many of the peers who surround us are all doing exercise and as a result are much fitter.

Statistics speak for themselves. Americans life expectancy in 1960 was just under 70 years old. In 1977 that rate jumped to 73 years old, and by 1981 the rate had climbed to 74. We may not be able to attribute this rise totally to fitness, however it would be foolish if we did not give it some of the credit.

The fitness boom has brought out exercise fanatics. Two areas where you have seen the most change as far as number of participants are in weight rooms and aerobics.

Weight room numbers have increased not only for men, but women as well. At Turner, there are six weight classes offered, plus after school weight lifting. With all of this there are approximately 200 students who go through the weight room each day.

To coincide with the weight room activity, classes in aerobic dance have many devotees. Turner has dance classes which are offered and follow a rigorous structure. For many devotees of these classes this is a way in which exercise is actually made fun. Most authorities say if these classes are properly run they can help promote cardiovascular fitness.

From the fad of the 70's exercise has developed to the big business of the 80's — as ingrained in the American way of life as mom and apple pie.

Spirit Week

Costumes and fun make Spirit Week a time to remember

The 1983-1984 Student Council sponsored by Ms. Kathy Alcorn and Ms. Nancy Mickiewicz put many hours of hard work and effort into Spirit Week to make it one of the most successful projects this school has had.

To start things off, Monday February 13th was Western Day. On Monday a majority of the students participated by wearing jeans, cowboy hats and boots.

Tuesday the 14th was Black and Gold Sports Day and a lot of students came to school wearing their black and gold Turner hats, shirts and sweats. The school also held its 2nd annual Wacky Indoor Olympics.

The opening ceremonies were a big success because of the dignity with which Barbra Mukovich, Ms. Bond, entered carrying the ceremonious Olympic Torch.

Some of the games played this year were: Balloon Pass, Life Saver Pass, and the Beach Towel Chariot Race as well as the Class Cheer. The competition was stiff and there was a tie for first place between the Senior class team and the Student-Faculty team. Without the cheating tactics of one Mr. Angelo Giacalone, the faculty would have been serious contenders for the gold.

1. Mr. Benson's outfit for clash cay was the worst — or really the best.
2. Rhonda Beery and Phil Thurston dressed in their "Best Western."
3. Jackie Kelley, Beckey Stein, Bert Godding, Bren Neuenfeldt, Warren Kennedy and Amy Norman gang up for gangster day.

Wednesday the 15 was Gangster Day, and some of the students came to school in their pin striped suits and their flapper dresses.

Thursday the 17, was Clash Day and many showed their spirit by wearing clothes that clashed. Although almost everyone participated, there were those faculty members, whose normal attire would have been appropriate for this day, who did not participate, like Mr. Tate.

Friday the 18th, was Hawaiian Day, and this was one of the most interesting days of the week. On this day almost everyone came to school in his walking shorts and Ocean Pacific shirts or a new "winter Fun in the Sun" shirt and sandals. The smell of suntan oil was definitely in the air.

During this week the teachers had "Spirit Cans" which they were trying to fill with as many votes as they could. The teacher with the most money was the Spirit Teacher. This year the privilege was bestowed upon Mr. Angelo Giacalone.

During this week there was also a contest for the most spirited students. This was determined by their attire for this week and their display of school spirit. This year the honor goes to sophomore Rhonda Beery and senior Phil Thurston.

Dance

A Queen and King were crowned at the Winter Sports Dance.

The Winter Sports Dance with the theme "Winter Fun in the Sun" was sponsored by the Student Council of Turner High School to help spark spirit and enthusiasm in the students.

An alumnus commented that our Winter Sports Dance had the "Best decor that he had seen at T.H.S. in the past 11 years." Some of the scenery included a painting of a boat sitting on the beach with the sun setting behind it, a realistic waterfall, large Hawaiian palm trees, and an illuminated sun for the "romantic look."

All of the students participated in the fun by dressing in their Hawaiian clothing. As you looked around, you could see grass skirts swaying to the music, flowered shirts, pink, white, and yellow cotton pants rolled up to the knee and topped off by sandals and leis. Many of the ladies wore orchids pinned to their blouses or in their hair.

According to many students and staff, the food served at the luau was delicious. From the pineapple and ham all the way to the non-alcoholic pina colada's. Rumor (?) has it that the punch was spiked by an unknown conspirator wearing a trench coat.

The Winter Sports Queen, Kim Brooks, was crowned by Tim Carter and the King, Lane Sanders, was crowned by Dianna Fergus. Their royal court was Patti Braland, princess, Phil Thurston, prince, Leona Libeer, junior attendant, Brian Whisner, junior attendant, Kim Doyle, sophomore attendant, and Louis Martinez, sophomore attendant.

Softball

Coach expects good season.

Miss Dellasega is in her 5th year of coaching the girls' Varsity Softball team. In past years Miss Dellasega and the softball team have compiled an outstanding record! They have taken the EKL Championship two consecutive years (82-83) and gone to state three consecutive years (81-83).

The team has great potential. Since last year Coach Dellasega has only lost three girls, who graduated. There were approximately 28 girls out for the sport, of which 9 are returning lettermen. Coach Dellasega expected Kim Hammontree and Brenda Lowery to be key pitchers. For the hitting department it will be Rosie Garrett who had a batting average of .419 in 1982 and Jayna McDaniels who had a batting average of .380 in 1983.

According to Coach Dellasega the girls' toughest competition should be Olathe North and the Shawnee Mission schools, especially Shawnee Mission North who took state last year. When asked how she thought the softball team would start the year Coach Dellasega replied, "I think we'll come into this year as an experienced team." Not only does Coach Dellasega expect a winning Varsity team, but she also predicts that the Junior Varsity team will be a "Strong competitive team."

Baseball

Team is ready for a good season.

he baseball team planned another year at the State Tournament. "Not only are we planning on going, but we're planning on winning," exclaimed senior outfielder Tim Vorbeck. The Bears went to the Kansas State High School Baseball tournament last year and were prepared for another trip.

The varsity team is coached by Mr. Jim Kendall, now in his 3rd year as the baseball coach at Turner. Last year's varsity lettermen, Doug Hite, Kelly Hammons, and Tim Vorbeck returned to the squad this year. Coach Kendall was also hopeful of a state playoff berth. "We have a lot of talent on this club, and I'm looking forward to another trip to State," commented Kendall.

Turner is in the East Kansas League, consisting of Blue Valley, Olathe North, Olathe South and Turner. Turner plays each league team twice, in scheduled doubleheaders. Other teams the varsity boys competed against were Schlagle, Wyandotte, Emporia, Shawnee Mission Northwest, and two tournaments in Spring Hill and Ruskin.

1. Junior Kelly Belt gets a glove on the ball.
2. Baseball players assembling the batting cage for hitting practice.

The bears expected to win the league championship and are also hoping for the two season tournament 1st place trophies. "We did well in the Ruskin tournament last year, and we have more talent than any team in the Spring Hill Tournament, so I expect to win both of those. The league games will be pretty tough, too, but we have a lot of strength on this team and we should win league also," stated senior Kelly Hammons. Should the Bears win the regional tournament in May, they will advance to the State tournament, also in May.

*The baseball team began practicing on February 28 and made final cuts on March 6. Their first game was March 16, but because of yearbook deadlines on March 8, the results of games will be printed in the supplement.

Track

Track team hopes for state medalist

The track team hopes for improvement, and a state medalist. "I think we will have people going to State competition" said Coach English, "Dennis Sprague in the javelin, Sheryl McNette in the shot put and discus, Mark Lee in the High jump, Rhonda Berry in the Hurdles and High jump, Becky Sparks in the 880, and the mile, Mark Churchill in sprints, 100, 220, 440 yd., and Mike Wilson in the Long jump." "I've watched these people improve in the past two or three years, and I think they all have the capabilities to do so." said Coach English.

"This is the hardest working group of people I've worked with in track since I've been here." said Coach English.

The assistant coach, Mr. Giacalone "Is really helping us out a lot. He pushes us to our limits and shows us what we really can do. It will really help us in the end results," said Mark Lee. Coach English also thinks that Coach Giacalone is also an improvement to the team. He says that "Coach Giacalone is really going to help our program."

Sports

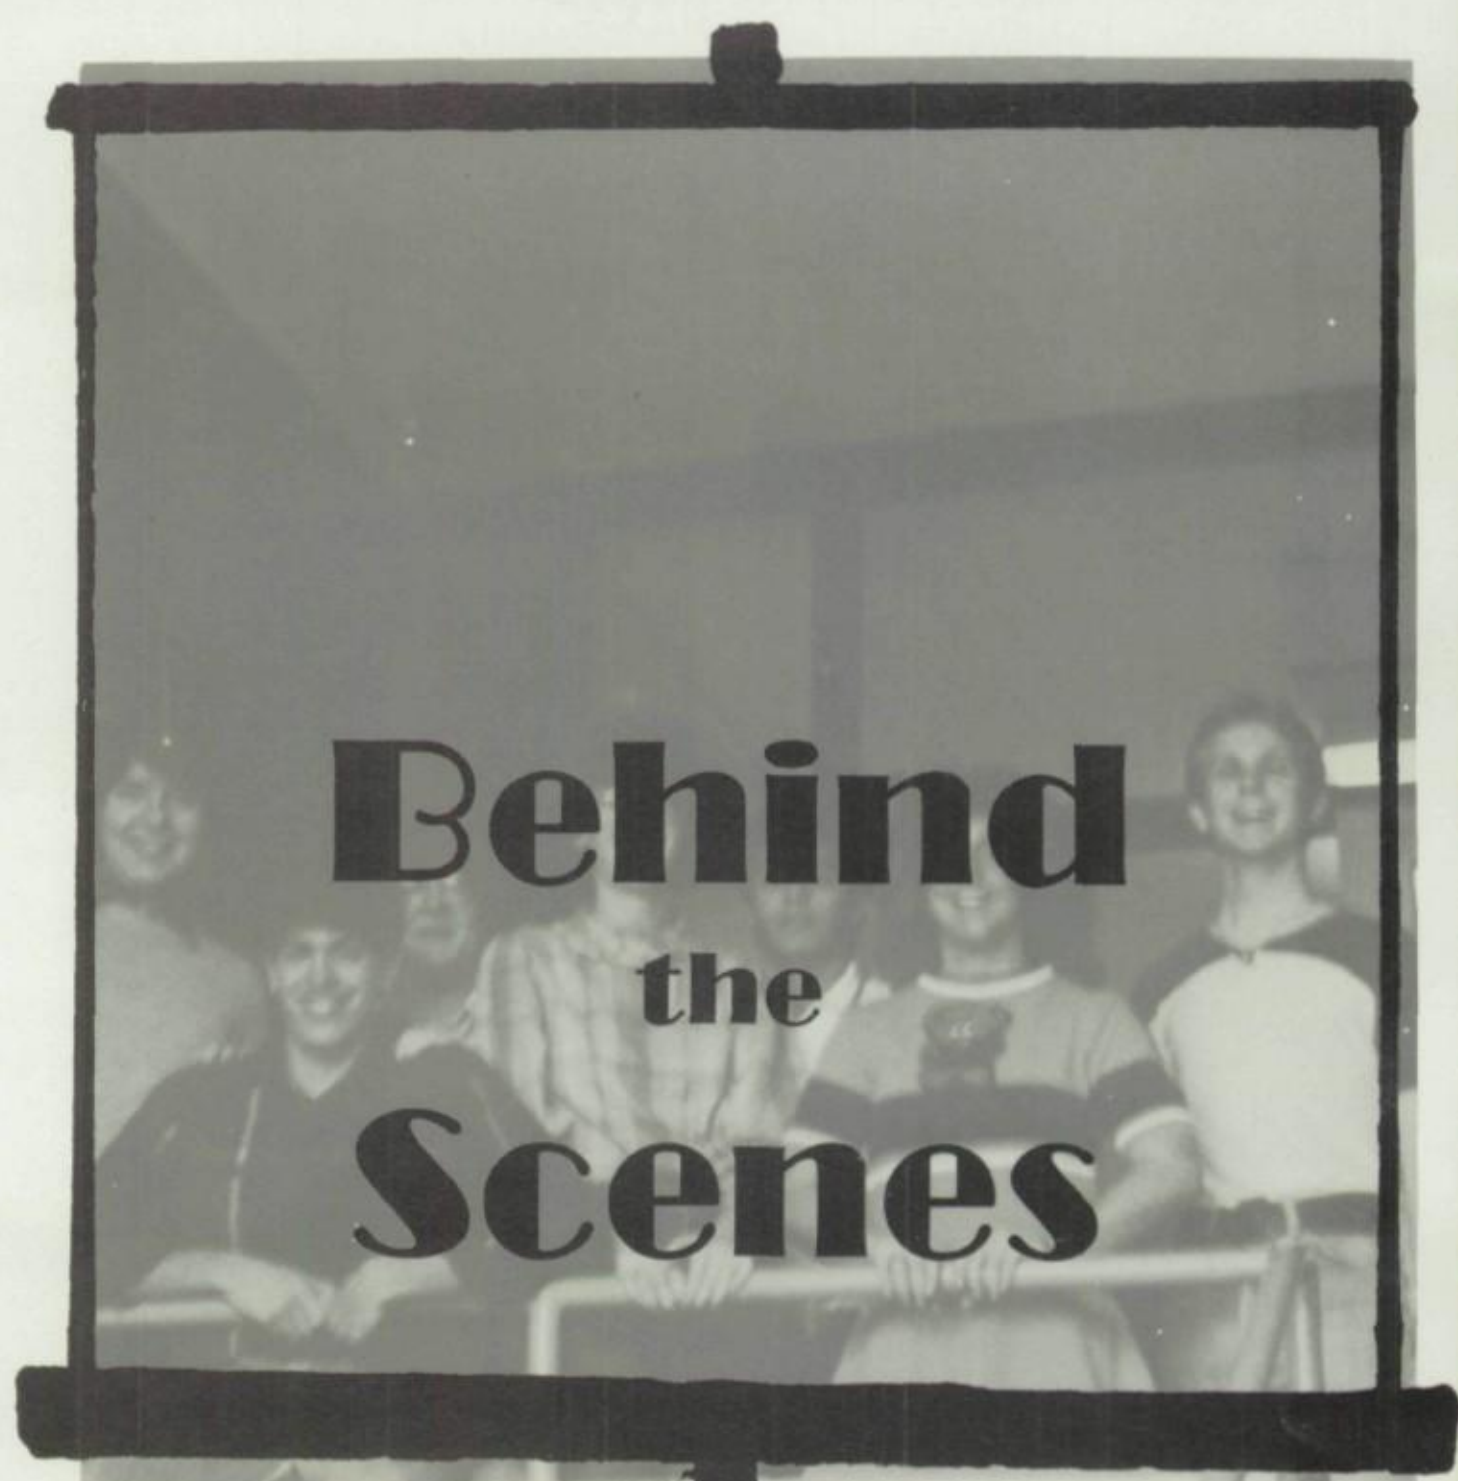

Sports programs see improved facilities

Many improvements have been made. Last year the district repainted the gymnasium and put in a new lighting system. This year the football stadium was improved. The stands and score board were repainted, all the trees and brush were removed from the north-west corner of the stadium and replaced with the Turner outdoor sport "T".

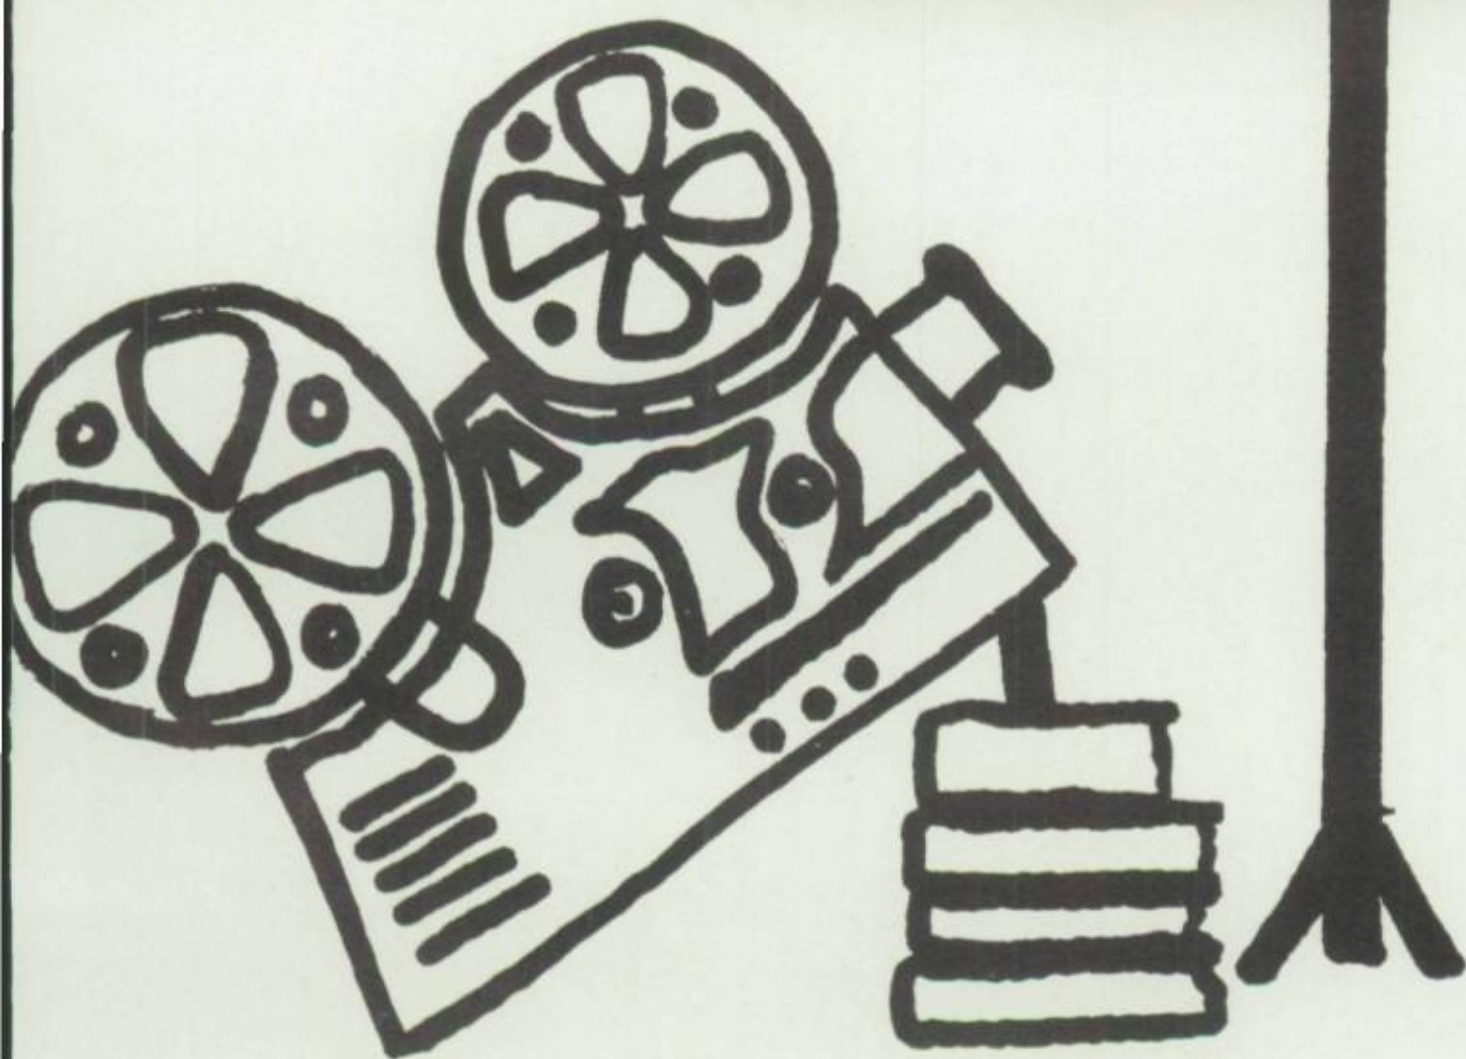

The carpentry shops installed 3 new trophy cases in the Gymnasium Hallway.

Behind the Scenes

Pep Club

Although Pep Club membership has declined, those who did join were an enthusiastic group who supported our teams' efforts," stated Ms. Jeanie Bond, Pep Club co-sponsor.

"Pep Club was a lot bigger when I was a sophomore. There was a lot more interest. I wish more people besides cheerleaders and drill team got involved. I thought more people should have gone to the away-games; it kind of seemed like no one cared," Patti Braland, varsity cheerleader capt.

"Since we didn't have a very big pep club there wasn't much support, but there was a group of guys who

showed a lot of spirit. If we could get more of that kind of attitude going in our school, our pep club would increase in size as well as in enthusiasm," Leona Libeer.

"We think there will be a lot more people involved next year especially if we have officers. That way there are some pep club leaders to get people involved," Kim Carney, Dotty Roush.

"We think there is some support for our team but not near enough. We need a lot more support if we expect our school to be spirited," Dawn Markley, Pam Ireton, Belinda Cornwell.

Drill Team

“8 3-84 The Best Yet” was the theme for the 24 members of the Goldnettes. They proved how good they were at camp at Southern Missouri State University. The girls brought back 89 blue, 22 red, and 4 white ribbons.

The Goldnettes kept a busy schedule with performances at half-time of all basketball,

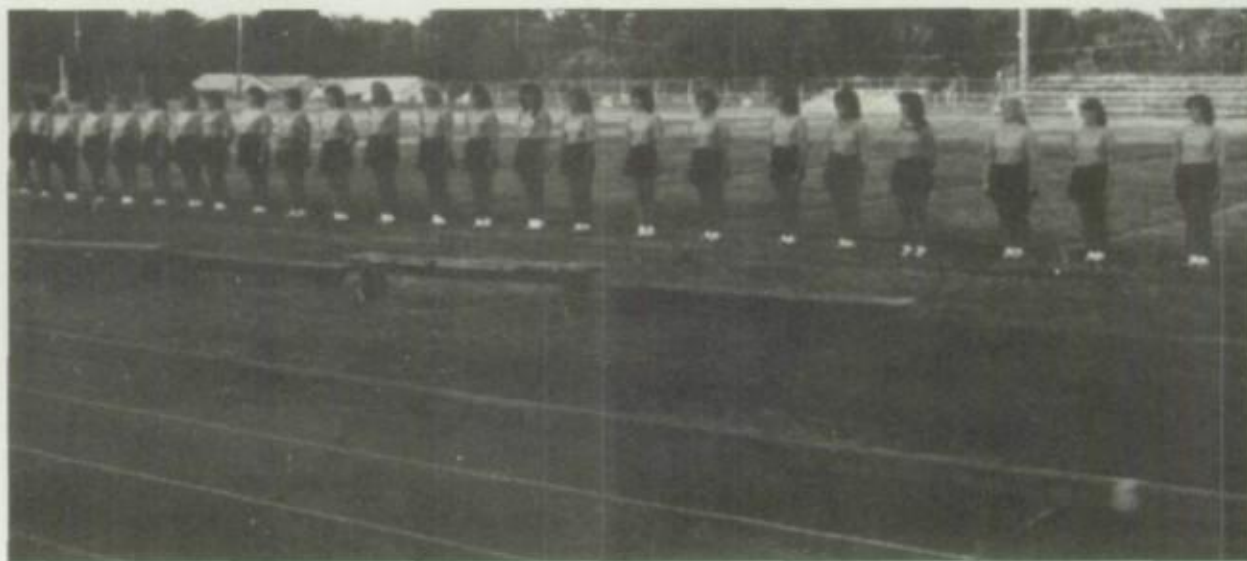

wrestling, and football games. They also performed at a pre-show for the King's game and the half-time of a NAIA Championship game. Marching at the American Royal and the Silver City Parade were also included in their schedule. They also participated in the Miss Kansas Drill Team Pageant.

As a class, they attended the production of "Dancin' " at the Midland Theatre.

Something unique for the Goldnettes was that twelve of the members were seniors. Cindy Cummings, sponsor of the Goldnettes, said, "Because half the squad were seniors, it could never have the same spirit. A spirit to make this the best Turner has had. These senior girls will be greatly missed and we wish them lots of luck."

Captains were Martha Frogley and Vicki Westfall. Co-captains were Cherrie Armstrong and Melissa Gsoell. Vicki Westfall commented, "So far this has been the most cooperative team. There were very few difficulties in the members getting along." "We improved greatly and will keep on improving. We had fun but it was still a lot of work." was Martha Frogley's comment.

SPIRIT

Cheerleaders work hard for school spirit.

Few people realize the hard work and dedication that goes along with being a cheerleader.

The work starts around the end of April with tryouts when twenty-four girls were chosen to be on four different squads. Then came summer practices three mornings a week from six A.M. to eight A.M.. And every day, the week before

camp.

This summer, camp was held in Marshall, MO. from July 10-17. During that time the cheerleaders learned new chants and cheers also competed for ribbons. The Varsity squad brought home four Blue ribbons and a Spirit Stick. The J.V. Black squad earned one Blue Ribbon and three Red ribbons.

1. Varsity Cheerleaders are: Barbie Hopkins, Dotty Roush, Susie Gilmore, Leona Libeer, Marci Kohler, Dianna Fergus, Patti Braland Junior Varsity — Black: Karla Motsinger, Renee Carter, Jenny Bullock, Julie Gerber (Capt.), Renee Dixon.

American Cheerleader. The camp that the cheerleaders attended was the NCA summer camp.

When asked how Ms. Bond enjoyed her first year being the cheerleaders sponsor, she replied, "Working with these girls has led to an appreciation of how much work really goes into cheering. It's a **lot** of hard work, building schedules and ordering uniforms etc., but the benefits far outweigh the headaches."

BAND

The Band performs for many events

The band is one of the most active groups in school. There are four bands. They are marching band, concert band, pep band, and jazz band. Mr. Jarrett is the band director and sponsor.

The band has 59 members and only one major requirement. Band

members must have participated in band in the Jr. High level or have transferred in from another band. The band meets daily during first hour. The President of the club is Jackie Kelly, Vice-President — Kevin Slaven, Secretary — Bev Peden, Treasurer — Ken Harding, Senior Representative — Ollie Cardin, Junior Representative — Alex Foster, and Sophomore Representative — Julie Gerber.

The band participates in a variety of activities. The Marching Band performs during the football

season at home games, at the Kings Games, and the NAIA tournament. The marching band also performs in three parades: The Silver City Parade, Homecoming Parade, and the American Royal Parade. The Pep Band plays at basketball games and Wrestling Meets. The band also holds three concerts a year, plays in the annual musical, and for commencement.

The band does not enter into any competitions, however they do compete for divisional ratings at a Festival.

*Chorus has
an active year*

The chorus, sponsored by Mr. Cundiff, consists of nine members in the Chorale and 15 members in the Women's Chorus. The members of the chorus meet in 4th, 5th, and 6th hour. During their classes they do Worksheets to learn notes, learn how to form vowels and consonants and breath support.

The members of the chorus participate in certain activities throughout the year, such as: The Fall Musical (Wizard of Oz), Christmas Concerts, a Winter Concert, the State Music Festival, and a Spring Concert.

When asked what she thought was the best thing about chorus is, senior Patty Lowery replied, "I guess the best thing about chorus is you get a great feeling of accomplishment when the year is over and reaching goals you thought you could never reach before."

A Patricia Marie:

A mi querida nieta Patricia Marie:

Los años han pasado fugazmente, recuerdo cuando eras una preciosa bebita con carita de porcelana y mejillas color camersí, luego yendo a la escuela a cursar tus primeros estudios para continuar subiendo paso a paso los peldaños del saber, y ahora, convertida en una jovencita, terminas tus grados secundarios y recibes tu diploma que meritan la dedicación y aprovechamiento de esos años de estudios. Por este gran acontecimiento, a través de la distancia, quiero hacerte llegar mis felicitaciones y buenos deseos de éxito en el futuro. Con mucho amor.

Tu abuelito,

Juan Serra F.

Kevin Wesson was a Sophomore at Turner this year. Throughout Oak Grove grade school, Kevin was a straight A student. He was enjoyable to be with and was kind and considerate to other people. He attended the "Boy Scouts of America," and played for the band since 5th grade. He went to Highland Jr. High. The only extra curricular activity he was in was the band. The rest of his time he studied to make a better future for himself. The instrument he played was the trombone. He played it very well. He liked to run around with his friends alot. His tragic and untimely death was a blow to all that knew him.

600 copies of the 1984 TURNERITE, volume 51—were published by Taylor Publishing Company, Dallas Texas. Denise Wood was our Graphic Arts specialist. The trim page size is 7¾ " by 10½ ". There are 204 pages. Paper is 80# enamel stock. Type faces are: headlines in Broadway 30 pt., Subhead in Italic Korinna 14 pt., body copy 10 pt., and picture I.D. 8 pt.

The cover is gold mylar silk screened black on front, back and spine.

All portraits were furnished by DeCloud Studios. All other black and white pictures were taken and processed by staff members. Color pictures were processed by Big Smile Photo and One Hour Photo. All copy was written by staff members.

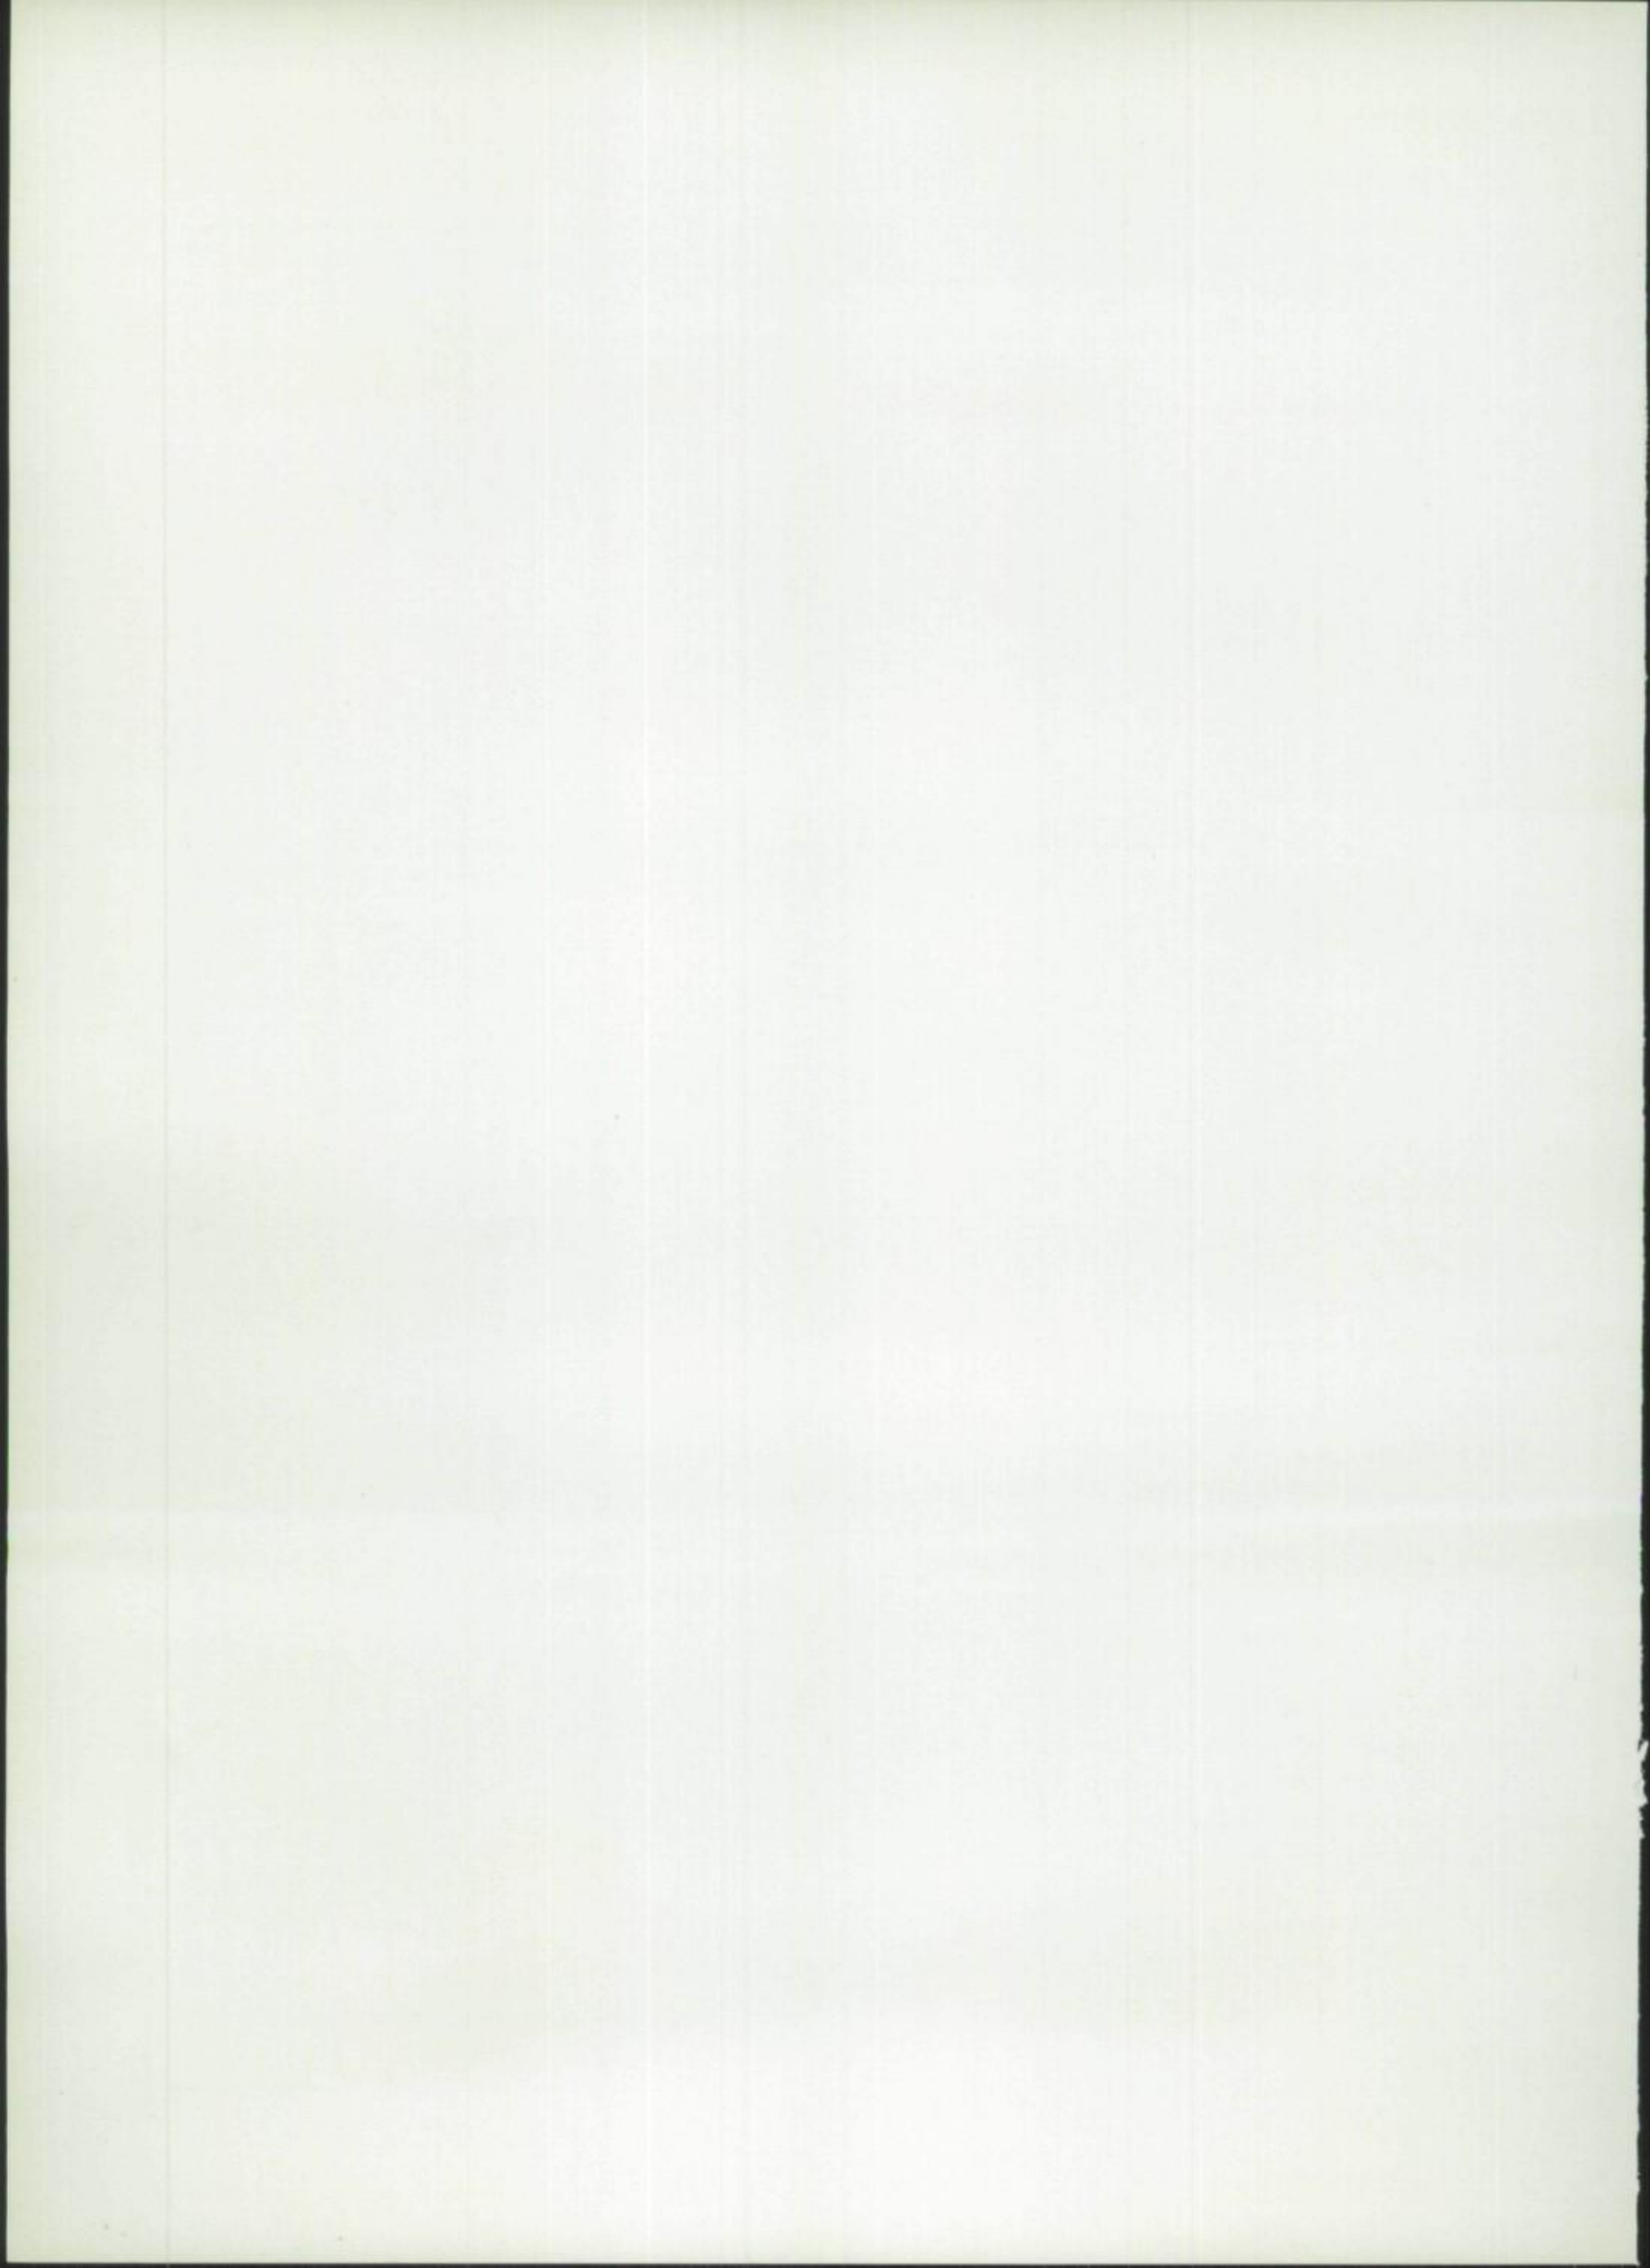

As we look into the future, we hold in our hands a piece of our past. At the time, when we were there, sharing in the events, we were participating in something that we cannot do over. A time we will never be able to duplicate again. Although this book does not have every event that happened in the school year, we have tried to report what we could accurately and to our best ability. This book is a reminder of the things we did, the feelings we felt, and the individuals we shared them with. We wish you good luck in the future, because it too will soon be your past.

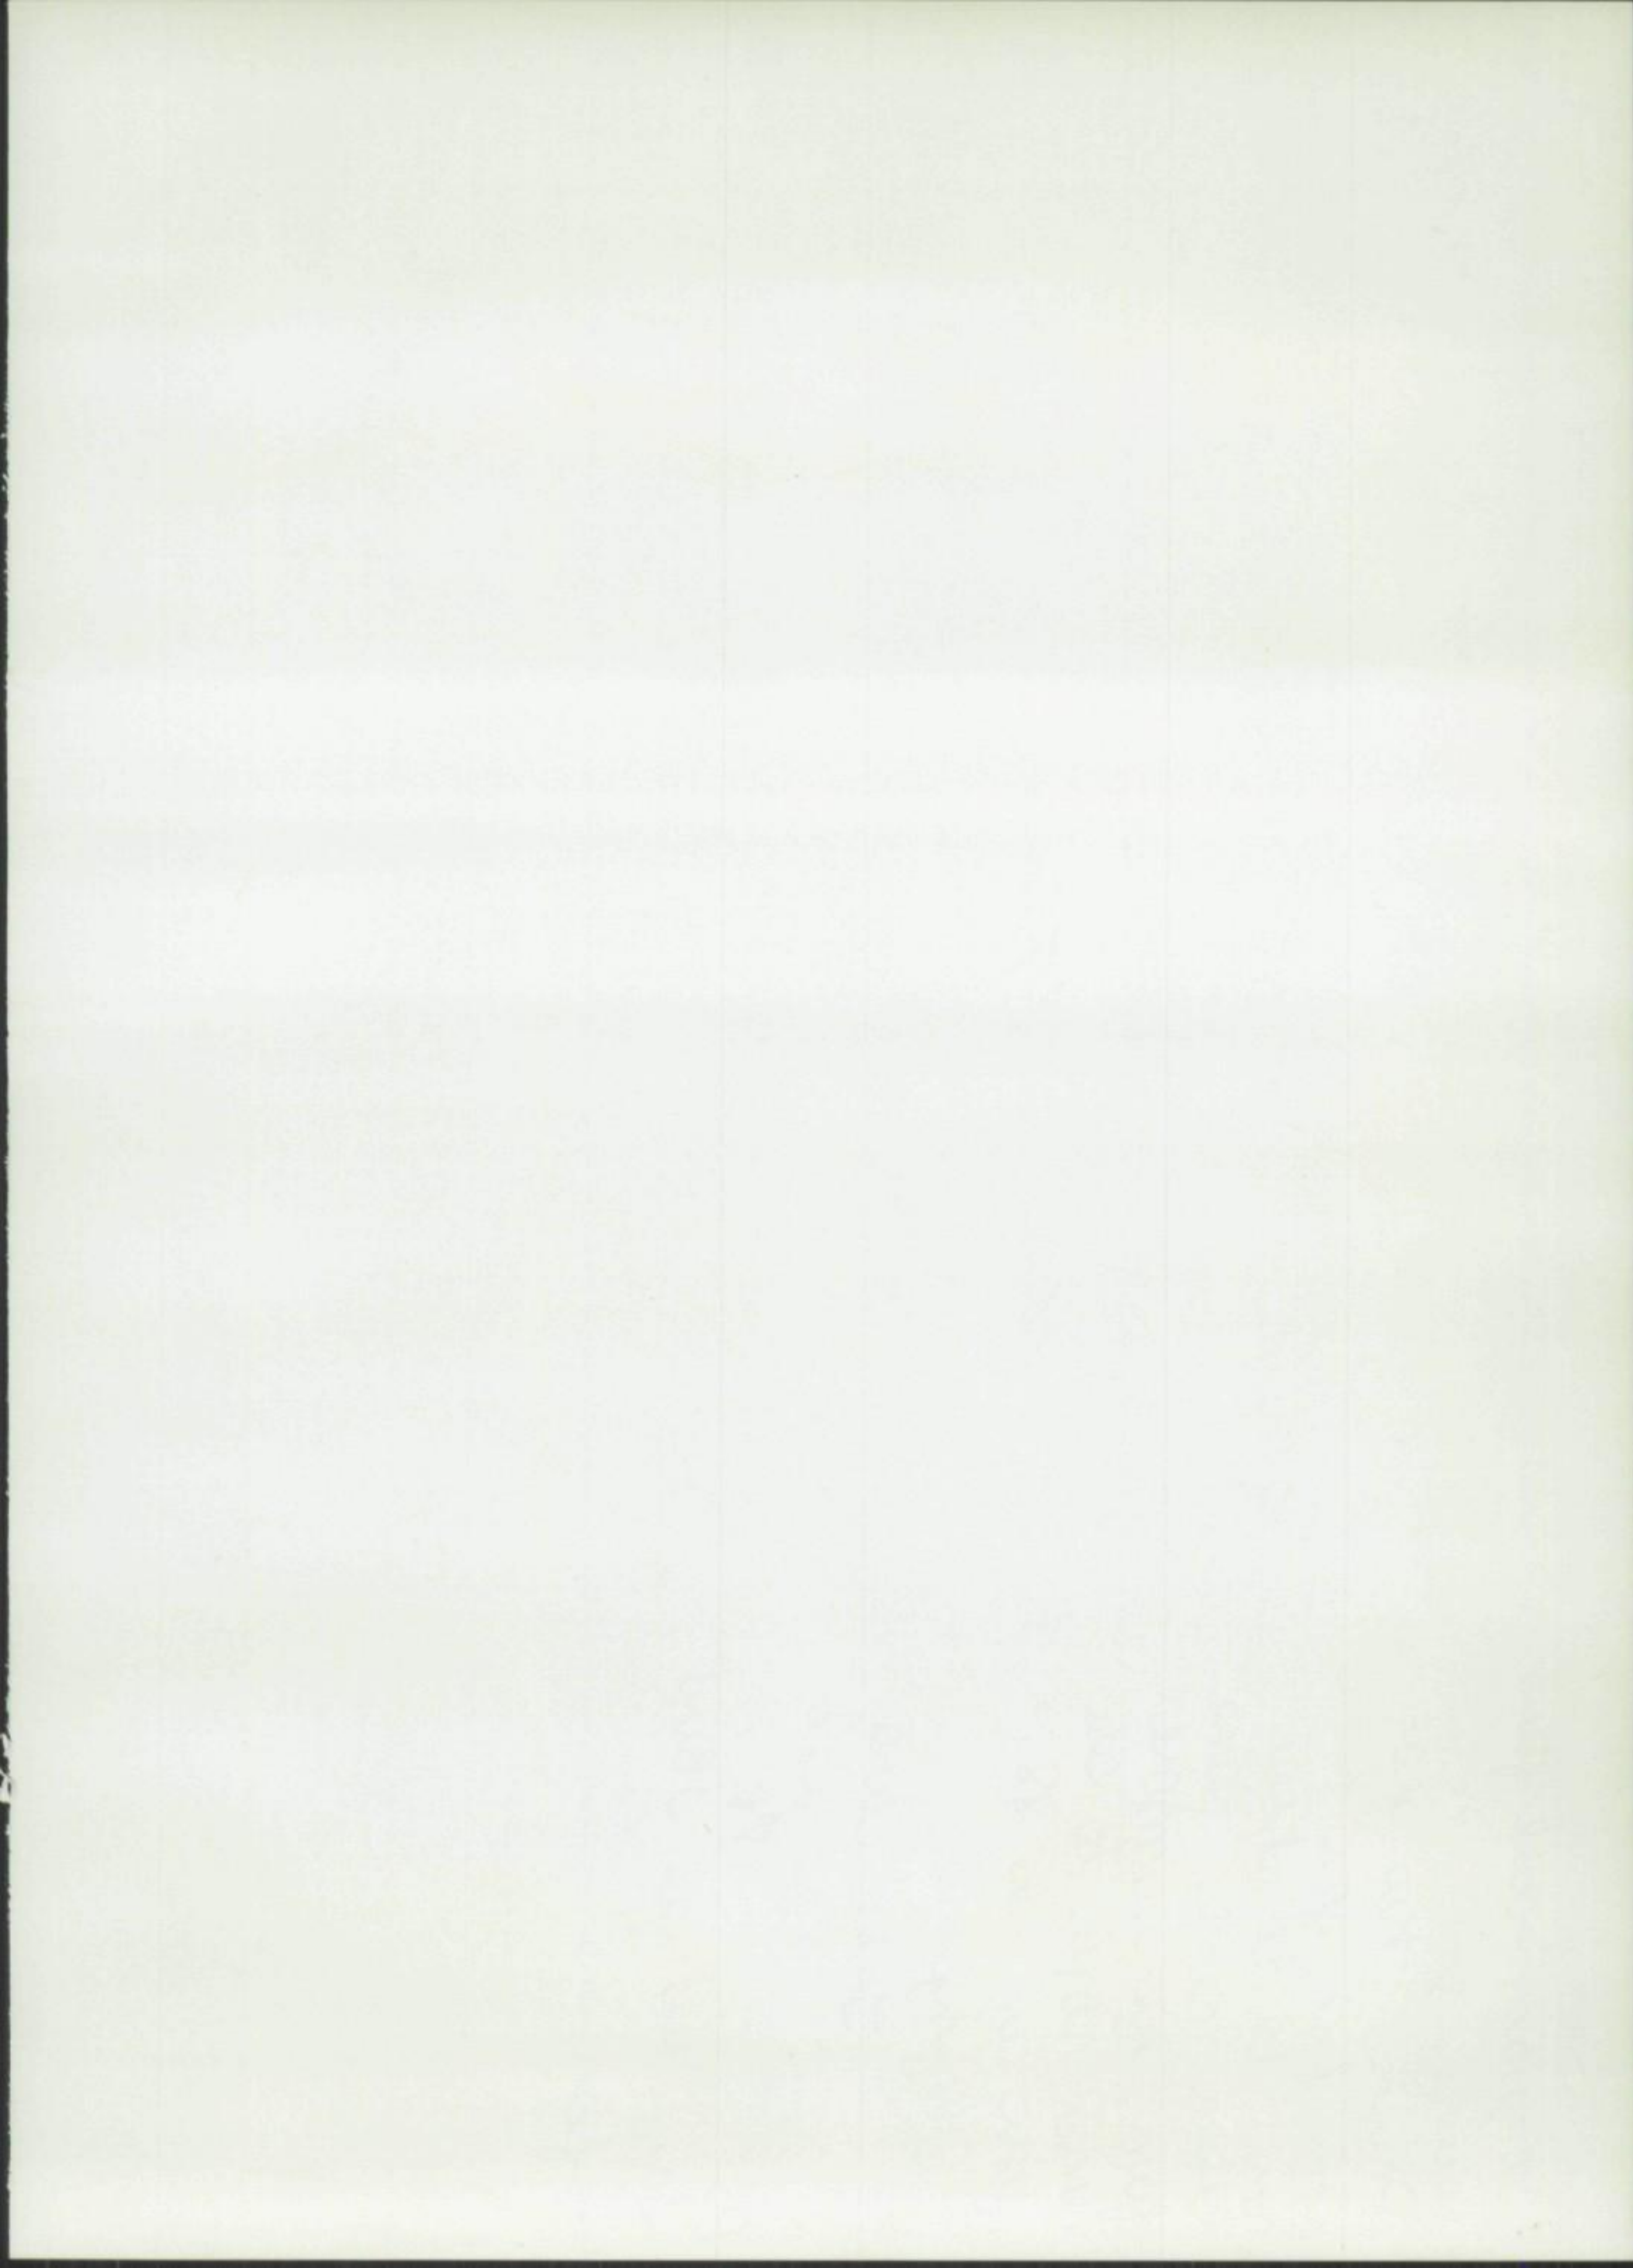

A special thanks to Pauline Smith, our advisor, and our never ending fountain of information, help, and support. We couldn't have done it without you P.!

I'm glad we got to know each other this year. I hope when you go on to college you'll participate in
track because I tried to when I was in high school. I hope you'll be a good friend and a happy friend.
P.S. quit being quiet about asking people things, you know what I mean.
